With Mussolini’s Italy, R.J.B. Bosworth—the foremost scholar on the subject writing in English—vividly brings to life the period in which Italians participated in one of the twentieth century’s most notorious political experiments. Il Duce’s Fascists were the original totalitarians, espousing a cult of violence and obedience that inspired many other dictatorships, Hitler’s first among them. But as Bosworth reveals, many Italians resisted its ideology, finding ways, ingenious and varied, to keep Fascism from taking hold as deeply as it did in Germany. A sweeping chronicle of struggle in terrible times, this is the definitive account of Italy’s darkest hour.

In Mussolini’s Italy, Bosworth takes a leisurely pace in drawing a detailed portrait of Italy under Fascism. Since Bosworth’s previous book was his well-received biography of Mussolini, its almost as if, released from the restrictions of focusing on the life of one man, he is now reveling in the freedom to discuss a multitude of lives and to approach his topic from a multitude of viewpoints. While Bosworth does have a thesis to advance, he mostly keeps it off-stage. He lets the details speak for themselves. What he shows—perhaps a little too well—is that in many ways Fascism was largely a veneer in Italy. Italians at all levels tended to keep living as they had always lived, something that Mussolini’s own openness to tactical compromises encouraged. I say that Bosworth may have shown this a little too well because one can easily come away from the book with the impression that, aside from Fascist Italy’s ill-conceived wars and fatal alliance with Hitler, it was not much different from the liberal Italy of pre-WWII. I don’t think that was Bosworth’s intent. The slow accumulation of details will not be to everyone’s taste. But if you’re open to Bosworth’s approach, this book is a fascinating effort to understand life in Fascist Italy.

Mussolinis Italy: Life Under the Fascist Dictatorship, 1915-1945

Mussolinis Italy: Life Under the Fascist Dictatorship, 1915-1945

1915-1945 Mussolinis the Italy: Dictatorship, Under Fascist Life
